Charity Bike Build Challenge!

Build a bike. Change a life. The give back finale HR leaders love.

Length: 60 to 120 minutes

Group Size: 6 to 6,000

Team Size: 6 to 10 guests

Location: Indoor or Outdoor

Pedal into purpose with TBROI's revamped Charity Bike Build Challenge, where competition, strategy, and a very good cause come together in one unforgettable afternoon. Each team starts with nothing but a bare frame. To earn the wheels, seat, pedals, handlebars, and every other essential component, teams battle through a series of fast moving mini challenges: three to nine cerebral puzzles and physical tasks tailored to your theme. Which part do you chase first? Which one can wait? Every decision matters.

As the bikes come together, our expert mechanics circulate to check every bolt, true every wheel, and make sure each ride is safe and road ready. Then comes the moment that gets people misty: the finished bikes are donated to a local nonprofit or charity of your choice, or raffled off to your own guests as a surprise. We handle the charity coordination end to end, including donation receipt instructions for tax deductions. Our longtime partners include The Family Giving Tree and the Boys and Girls Club.

Length: 90 to 120 minutes

Group Size: 6 to 6,000

Team Size: 6 to 8 guests

Location: Indoor or Outdoor

Somebody in this building knows more than they are letting on. Unleash your inner detective with TBROI's Mystery Team Solve, a fully custom scavenger hunt built around a gripping Murder, Cyber, Treasure, or Heist storyline written just for your group. We craft the backstory, plant the clues, and design challenges that line up with your goals, whether that is communication, cross team collaboration, or simply the best afternoon your department has had in years.

Our professional actors bring the story to life, playing shady informants, nervous witnesses, and the occasional prime suspect.
